FOOD AND BEVERAGE VENDOR INFORMATION

We are currently taking applications for food and beverage vending at the 2017 Minneapolis Monarch Festival. The festival will be held on **Saturday, September 9, 2017. Festival hours will be from 10:00 am to 4:00 pm.** Please fill out the application and agreement and return to the Minneapolis Park & Recreation Board (MPRB).

Vendors will be selected based on the type of products sold to insure a variety of food and beverages, and to enhance the festival's cross-cultural theme based on the Monarch Butterfly's migration from Minnesota to Mexico. Vendor experience and participation at the Monarch Festival and other fairs will also be taken into account. The final determination of vendors is at the sole discretion of the Minneapolis Monarch Festival Planning Team.

The Minneapolis Monarch Festival strives to be a low waste event so please plan accordingly. Use sustainable, recyclable, or compostable materials. Please see the Food and Beverage Vendor Agreement for details. Individual food containers, napkins, tableware, etc. should be compostable. At a minimum, containers must meet the City's new Green To Go ordinance which can be found here: <http://www.minneapolismn.gov/www/groups/public/@health/documents/webcontent/wcms1p-130775.pdf>

The Minneapolis Monarch Festival is organized through a partnership led by Nokomis East Neighborhood Association (NENA) and the Minneapolis Park and Recreation Board (MPRB). The major goals of the Festival are to create a community celebration that is open and inviting to the diverse residents of Minneapolis, while providing education on the need for habitat preservation and creation to insure the viability of the Monarch's 2,300 mile migration.

3. Vendors shall only sell items listed in and agreed to in this contract. Food items will be reviewed by the festival organizers and you will be notified of approved items.
4. Beverages must be sold in recyclable or compostable containers.
5. Food trays, plates, cups, bowls, flatware and any utensil or material provided to the consumer must be made of a compostable or recyclable material as per City of Minneapolis 'Green to Go' ordinance.
